

3. Transportation & Infrastructure

TAKE ADVANTAGE OF THE HISTORIC INVESTMENT IN THE METRO

- New housing, uses and activity at Metro stations across the City

3. Transportation & Infrastructure

TAKE ADVANTAGE OF THE HISTORIC INVESTMENT IN THE METRO

- Locations for major civic & community facilities
- Create focus of neighborhood life and identity – “Village Centers”

Vacant land surrounds the Columbia Heights Station

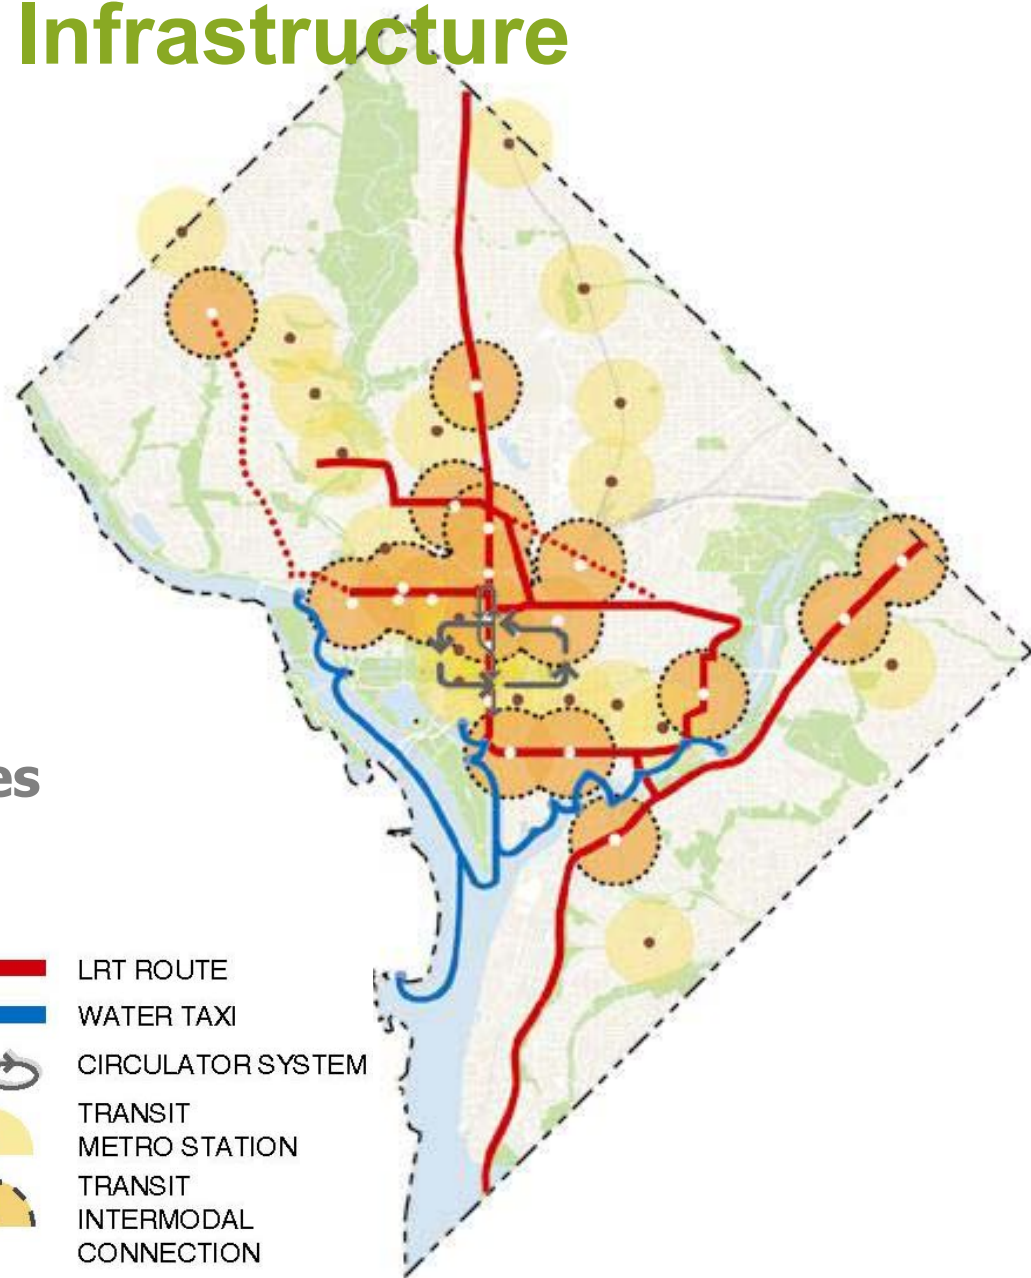

3. Transportation & Infrastructure

CREATE LINKED URBAN MOBILITY SYSTEMS ON LAND AND WATER

- Light-rail transit
- Circulators
- Connected to Metro
- Water Taxi
- Connections between places and among neighborhoods

*Water Taxi,
New York
City*

3. Transportation & Infrastructure

THE WALKABLE CITY

- Improved streetscape, tree canopy and pedestrian-oriented streets

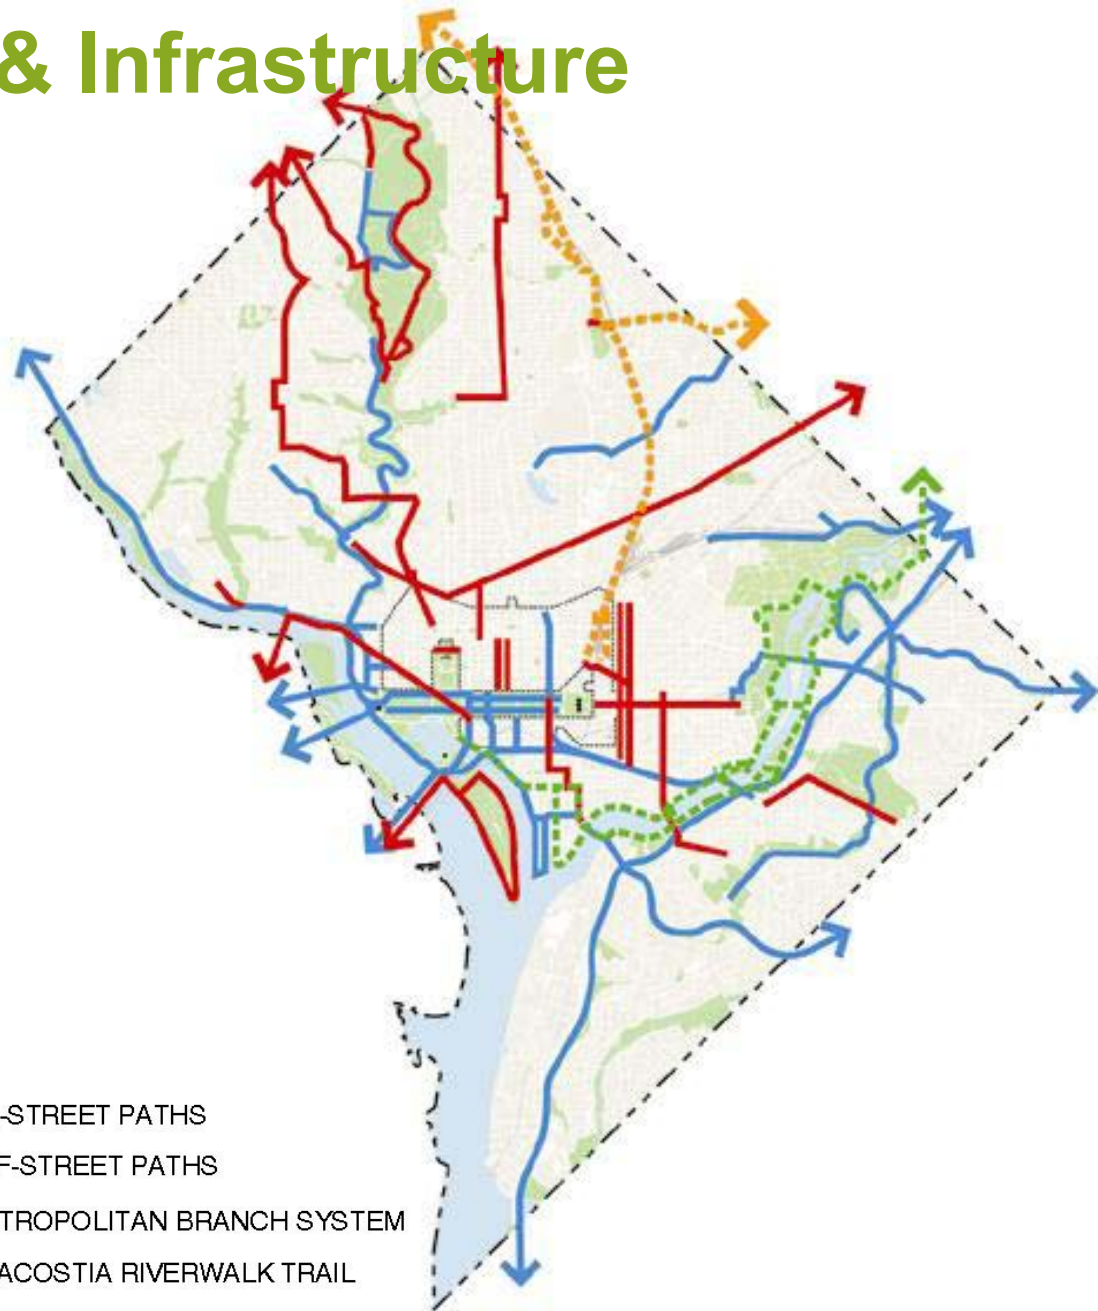

Well-designed streets balance the competing needs of cars, pedestrians, bikes and Metro

3. Transportation & Infrastructure

INTEGRATED BIKE NETWORK ON AND OFF-STREET

-  ON-STREET PATHS
-  OFF-STREET PATHS
-  METROPOLITAN BRANCH SYSTEM
-  ANACOSTIA RIVERWALK TRAIL

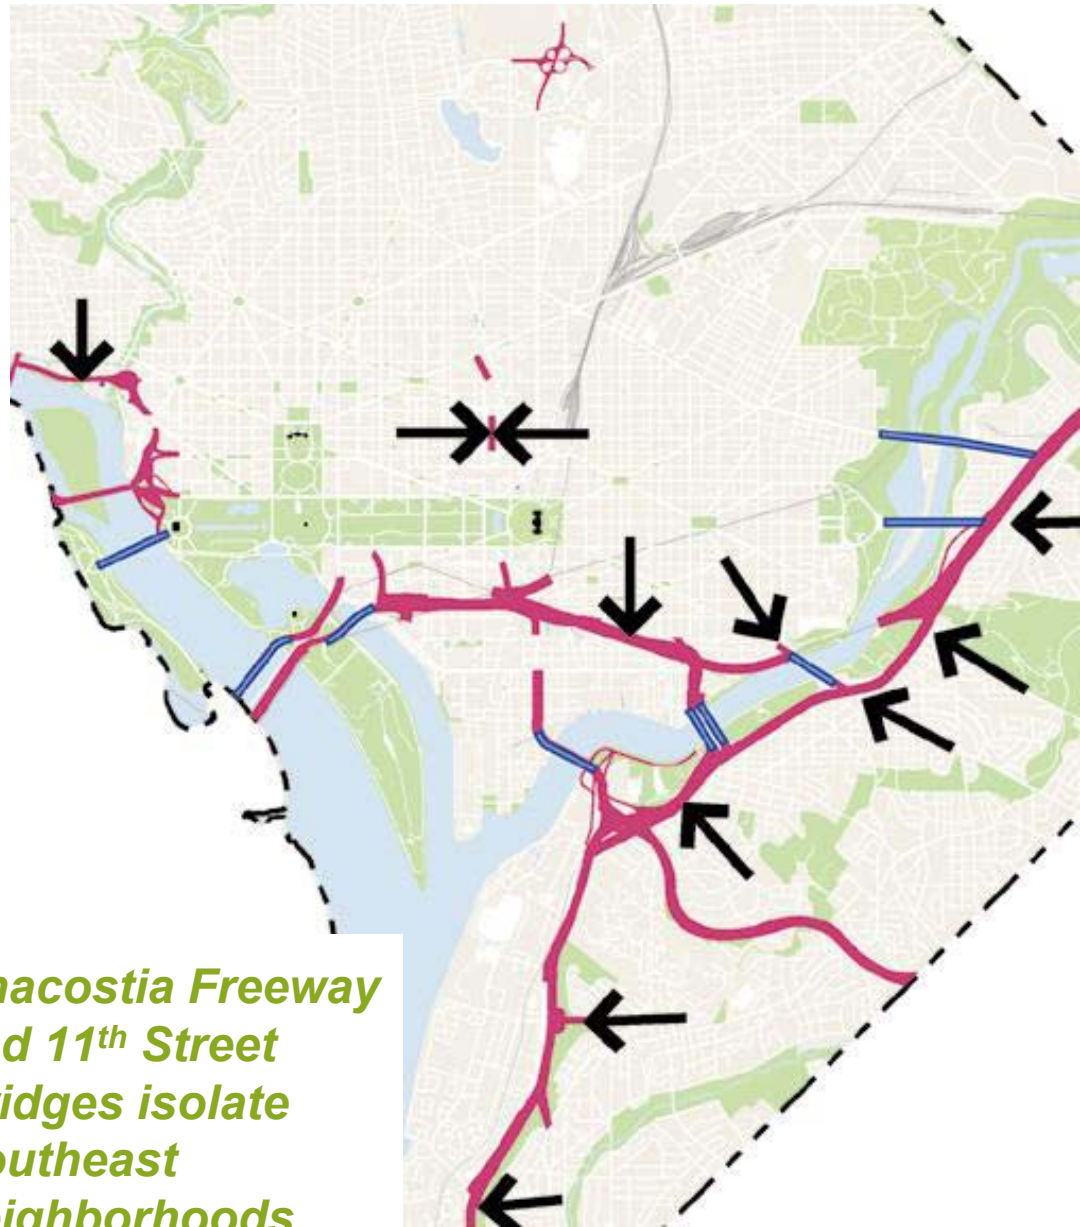

3. Transportation & Infrastructure

REBUILDING OF HIGHWAYS AND BRIDGES

- Eliminate barriers between neighborhoods
- Transform access to waterfronts

*Anacostia Freeway
and 11th Street
Bridges isolate
Southeast
neighborhoods*

3. Transportation & Infrastructure

REBUILDING OF HIGHWAYS AND BRIDGES

- Create pedestrian friendly river crossings

*A walkable bridge
on Connecticut
Avenue*
